DPC Industrial Fabrication & Construction is committed to providing our customers with superior quality, service and value while maintaining the highest degree of safety. We have been serving the industrial community for twenty years in the areas of civil and structural disciplines, grass roots projects, pre-engineered metal buildings, architectural and mechanical work.

DPC's shop facilities include the latest equipment for tank and vessel repairs, fabrication, and alterations, as well as piping, welding and specialty fabrication work. Shop capabilities include process piping, vessel fabrication up to 20 feet in diameter, light structural steel and skid manufacturing. All work is performed to standards established by ANSI, AWS and ASME.

DPC Industrial Fabrication & Construction is located in Baytown Texas. With a local office in the Houston area we are able to service our customers not only locally but also internationally. Our 26,000 sq. ft. facility offers:

- Plasma cutting
- Iron Workers
- Hydraulic Punches
- 5, 10, 40 and 50 Ton Cranes
- 9 Acres of Lay-down Yard
- Skid Fabrication
- Metering and Ultrasonic Skids

SERVICES

- CIVIL
- CONCRETE
- STRUCTURAL FABRICATION

CIVIL

Civil work entails projects or facilities associated with civil engineering and construction including buildings and/or structures. DPC Industrial offers:

- Site clearing
- Site preparation and dewatering
- Civil demolition
- Underground utilities
- Structural Concrete for process units, equipment and tank foundations, pipe rack foundations and sumps
- Area Paving
- Area Drainage
- Foundations

CONCRETE

Utilizing our trained personnel and large selection of high quality design mixes, we are able to produce durable and stable concrete slabs.

- Concrete foundations
- Concrete construction
- Driveways
- Sidewalks
- Breakouts

STRUCTURAL FABRICATION

DPC fabricates structural steel and piping in our QC controlled shop setting, which aids in accuracy and reduces the risk for delays, giving us on-time delivery schedules and keeping clients' projects on track. Our full-time QA/QC personnel average 25 years of pipe fabrication experience and 20 years of welding experience. All fabricated items 100% visually inspected.

Radiographic examination

METAL BUILDINGS

As an approved builder for Metallic Building Company, DPC Industrial can offer a variety of pre-engineered metal buildings at competitive pricing. DPC furnishes and erects industrial pre-engineered metal buildings, such as factories, chemical plants, and large warehouses.

INTERIORS

DPC Industrial is also an interior remodeling contractor for the Houston and surrounding areas. Our crew specializes in remodeling and upgrading manufacturing facilities, hospitals, warehouses, petrochemical facilities, plants, laboratories, and large storage facilities. In addition to the actual remodeling construction, we do our own demolition work and can help design the modifications.

ASME CODE VESSEL FABRICATION

DPC designs quality, reliable, and affordable ASME pressure vessels for petroleum and chemical industries around the globe. Our engineering background and experience allows us to model and engineer pressure vessels that meet all ASME Section VIII, Division 1 standards.

In addition to ASME pressure vessels, we have extensive experience in API tank design. All of our above-ground storage tanks are custom designed to fit your needs while simultaneously meeting API standards.

- Amine Storage Tank
- Lean Amine Tank
- Process Water Slop Tank
- Bulk Oil Storage Tank
- Oxygen Scavenger Storage Tank
- Amine Treatment Storage Tank
- BFW Phosphate Storage Tank
- 2 & 3 Phase Separators
- Debutanizer Reflux Accumulator
- Depropanizer Compressor Suction KO Drum
- Refrigerant Suction Drums
- Refrigerant Economizers
- Refrigerant Accumulators
- Hot Oil Surge Drums
- Flash Drums

CALL TODAY FOR A FREE QUOTE! 281.839.0020

Over the years DPC Industrial/Deer Park Construction has worked with the industry's leading companies such as:

- Exxon Mobil
- Shaw Environmental
- Shell Chemical
- Rohm and Haas Companies
- Lyondell Equistar
- FMC
- BASF
- Atofina
- Houston Fuel Oil
- Anheuser/Busch
- Regency Gas
- Access Midstream
- Energy Transfer
- Annadarko
- Kuraray

We would love to work with you too! Give us a call today at 281-839-0020 or email us at sales@deerparkconstruction.com to get started!
